

BROOKSHIRE – PRELIMINARY PLAT
APRIL 13, 2022
PAGE 5 OF 9

1 will provide a full access at 170th Street, and partial restricted access to 179th Street. The Developer is dedicating the necessary right-of-way as shown on the preliminary plat.

Streets 2, 3, 5, 7, 14 and 24

Development of Brookshire includes the construction of Streets 2, 3, 5, 7, 14 and 24, all local roadways. The local roadways are designed as 32-foot-wide urban roadways with a sidewalk along one side of each street. The Developer is dedicating the necessary right-of-way.

Streets 6, 9, 11, 18, 19 and 23

Development of Brookshire includes the construction of Streets 6, 9, 11, 18, 19 and 23, all local roadways terminating in a permanent cul-de-sac. The local streets are designed as 32-foot-wide urban roadways with a sidewalk along one side of the street, with the exception of the portions along the cul-de-sacs. The Developer is dedicating the necessary right-of-way.

Private Roadways

Development of Brookshire includes the construction of several privately owned and maintained roadways providing driveway access to the attached townhome units. The private roadways are designed as 24-foot-wide urban roadways. The Developer shall dedicate drainage and utility easement over the private roadways to allow for the City maintenance of the public utilities to be constructed within the private roadways. The City shall not be responsible for any repairs (including cost) to the private roadways due to future operation and maintenance of the public utility systems within the easement area.

CONSTRUCTION ACCESS

Construction traffic access and egress for grading, utility and street construction will be determined with each phase of construction.

PARKS, TRAILS AND SIDEWALKS

The Park Dedication requirement has not been collected on the parent parcels and will be satisfied through a cash contribution to be paid with the final plat.

Greenway Corridor Trail

The City's Parks, Trails, and Open Space Plan identifies a greenway corridor traversing through the southwest parent parcels along North Creek. The Developer shall construct the trail with Outlot H providing a connection to the trails along 179th Street which ultimately will connect

to the planned Dakota County North Creek Greenway trail to the west and North Creek neighborhood park. The City shall reimburse the Developer for 100% of the costs for bituminous pavement and aggregate base for the trail construction within the greenway corridor. The amount of reimbursement, based on an estimate to be provided by the Developer's engineer, shall be credited to the Developer's Park Dedication requirement within the future phase final plats.

Development of Brookshire includes the construction of public trails and sidewalks. Five-foot wide concrete sidewalks, with pedestrian curb ramps, will be installed along one side of
