

Mercury 2FA Recovery Kit

Store this somewhere safe (e.g. a safe, password manager, etc.)

Do **NOT** store these in your Google Drive, computer, or anywhere accessible with your email

 Mercury will NEVER ask you for these over the phone, please do not share them with anyone.

Step 1

Check that you're on **app.mercury.com**

Step 2

Choose a backup code and enter it instead of your 2FA code
